Designing and Delivering Innovative Customer Focused Product Solutions

ITC has been delivering product and service solutions to our customers for over 34 years by providing quality, innovative products as well as supportive and responsive service. This has allowed us to become a leader in our markets.

We focus on solutions that give our customers a competitive advantage in their marketplace and make their jobs easier.

We provide a wide range of standard products as well as custom solutions for our customer base. We understand the market competitiveness our customers face and how providing unique and proprietary product options can help our customers set themselves apart. ITC offers a complete service package from product concept development, engineering and material sourcing to quality production and on-time delivery. Contact us today to see how we can help you with your specific product needs.

At ITC we believe that . . .

being **Market Driven** keeps us striving to find and deliver the most innovative products at the best prices for our customers

being **Dedicated** to our customer's proprietary and custom design needs makes it easier for them to delight their customers

being **Collaborative** with our customers and our global supply chain creates great sourcing opportunities for our customers

being **Service Oriented** with on-time deliveries, local warehousing options, and a helpful customer service team ensures our customers' confidence

ITC Marine

ITC has focused on providing the marine market products that bring state-of-the-art technology and innovative designs together. Marine customers were among our first with the introduction of our ski tow and horn for pleasure boating. Our product offering has extended to include the unique needs of the boating market today, including luxury items such as lighted wine glass holders and mood lighting options, and functional items such as custom designed LED light housings, that highlight our customers' products.

ITC RV

ITC continues to expand our partnerships within the RV market through our understanding of the current wants and needs of the RV manufacturer and consumer. Home inspired decorative lighting, price and style sensitive overhead lighting, along with safety products such as lighted assist handles and reliable table leg systems, give our customers the look and feel they are seeking.

ITC Manufacturers' Select

ITC's retail brand of OEM quality products is an advantage to retailers, consumers, and our manufacturing customers. ITC handles replacement and service parts through a team of retail professionals so our manufacturing partners can be assured that their customers will have long term satisfaction with their marine craft or RV. Manufacturers can also use this retail channel as a selling benefit; positioning the ability to get replacement parts or up-graded parts in the future can enhance a buyer's experience.

ASSIST HANDLES

Assist Handles

Straight, Formed, Lighted,
and Folding

STRAIGHT ASSIST HANDLES

The straight IllumaGrip® handles feature either 1" or 1.25" acrylic with various end caps and custom screen printing in a variety of different lengths so you can have consistency in aesthetics throughout your unit.

FORMED ASSIST HANDLES

Our formed IllumaGrip® is created to allow a little more distance behind the handle. The impressive 1.25" acrylic is heat formed and has become a major player in the assist handle world.

FOLDING ASSIST HANDLES

Our Stow & Go™ folding assist handle can be opened for entry or exit, but then stows tightly to the wall when the vehicle is underway.

IllumaGrip® Assist Handles

An innovation in assist handles - The IllumaGrip® is available straight or formed and can be LED lit for aesthetic and safety enhancement.

Formed IllumaGrip® Assist Handle

- 20" Long with 1.25" diameter solid acrylic
- 1.25" diameter acrylic features embedded highly reflective lines
- Available with brushed or highly polished end caps in 304 stainless steel
- Choose your handles lit or unlit
- Customized screen printing available*
- Each end cap has two mounting holes
- Pull testing exceeds 400 pounds
- Covered under patent # 6592240 & 7374319

Shown with polished stainless end caps

86433-SS/OO

Lighted Handle Options:

ABOUT THE COMPANY

ITC Incorporated is an international company who has been delivering quality innovative products and custom solutions as well as supportive responsive service to our customers for over 34 years. Our Core Values reflect our commitment to these founding ideas by creating a culture of listening, responsiveness, and trust for our customers and employees. ITC has developed over 50 patented products by combining state of the art technology with our understanding of our customers' markets. But, what really sets us apart is our employees, both internationally and US based. Sales and engineering employee teams in two time zones allows for quick and responsive service to our customers no matter where they are.

SERVICE COMMITMENT

ITC is committed to providing industry best service before, during, and after the sale through responsive support, custom options, quick product delivery, and quality engineered products.

Our design and development team also offers customization opportunities or customer's own from scratch design concepts to provide unique and individual product options. Our facilities in Holland, Michigan and Elkhart, Indiana have nearly 100,000 square feet of warehouse space and a staff that ships products on a just-in-time schedule to meet our customers' production needs. We work closely with our customers on forecasting to improve lead times and avoid costly slowdowns and backorders.

All of our team members are focused on creating a supportive and responsive environment for our customers by focusing on the things that give our customers a competitive advantage in their marketplace and make their jobs easier.

ITC QUALITY COMMITMENT

Our quality process is comprised of three main phases. Setting quality standards at product development time then testing and validation to meet these standards; Pre-production expectation training and on-site monitoring of production output; Pre-shipment inspections from manufacturing to US warehouse and post shipment inspections at US warehouse.

Our global team works in concert to develop, source, manufacture, and deliver high quality products on-time and at a great price point to our customers.

In addition to Marine and RV OEM products, ITC produces industrial & LED lighting products for the office furniture, retail display, residential cabinetry, and aftermarket industries. We also focus on customer-designed aluminum die castings, stainless steel investment castings, aluminum extrusion and metal weldments & castings.

GENERAL PRODUCT LIMITED WARRANTY:

ITC warrants, to the original consumer, that the product will be free of defects in materials and/or workmanship for the period of time set forth herein. This warranty period will begin from the later of the original date of purchase of the product or the date of sale of the recreational vehicle or boat in which the product is installed is first sold to the first consumer provided that adequate documentation of said consumer sale date is provided to ITC. Adequacy of the authenticity of the consumer sale date will be determined by ITC in its sole discretion. In the event the consumer sale date is not provided or not determined to be adequate by ITC, then the warranty period will begin on the original date of purchase of the product from ITC. Except as set forth below, this general product limited warranty will extend for three years. All exterior faucets, exterior showers, exterior plumbing products, rope lighting and clocks will have a one year warranty period. All assist handles will have a two year warranty period, provided that crazing caused by chemical attack from a contaminant is not covered by any warranty. Products that are primarily comprised of 316 stainless steel will have a five year warranty period. Bulbs, including halogen, incandescent, and xenon are excluded from this warranty.

MAXIMUM LIABILITY ITC's liability to repair or replace a damaged item shall be limited to the original purchaser of the item at the original invoice price of the damaged unit, acceptable labor charges, acceptable freight charges, and dealer charge backs mandated by state law. ITC will not credit customers for excessive labor or freight charges or unauthorized dealer or customer markup fees. Acceptable freight and labor charges are available from ITC upon request.

INSPECTION ITC reserves the right to review the damaged product and the site where the damage occurred. ITC may require the purchaser to ship the item to ITC for inspection. The damaged item must remain available for inspection until the claim is finalized. In the event ITC requests to inspect the product, it agrees to dispatch its findings pertaining to the alleged defective product within 45 days of receiving the product. Whenever claims are settled, ITC reserves the right to be subrogated under any existing insurance policies the purchaser may have.

EVENTS THAT VOID WARRANTY All above warranties are null and void if any one or more of the following events occurs: (a) the item is not provided to ITC for inspection upon ITC's request; (b) ITC determines that the item has been improperly installed, altered in any way or tampered with; (c) ITC determines that the item was not used under normal operating conditions or in accordance with labels or instructions for the item including; (d) ITC determines the product was not properly maintained, and/or; (e) ITC determines that an unauthorized repair, modification, disassembly, or other changes to the product created the alleged defect. In addition to the foregoing, this Warranty does not protect against damage to the product when ITC determines, in its sole discretion, that the damage resulted from acts of God such as lightning, flood, earthquake, war, vandalism, theft, normal-use wear and tear, terrorism, strikes, and labor stoppages. This warranty specifically excludes damage, deterioration or discoloration caused by sunlight or similar ultraviolet rays and/or wavelengths and/or dents, holes or scratches to the unit caused by stones, rocks, debris and/or vehicles.

EXCLUSIVE REMEDY This Warranty contains the sole warranty of ITC with respect to the product and is given in lieu of all other warranties. There are no other warranties, express or implied, including implied warranties of merchantability or fitness for a particular purpose and any implied warranties that cannot be waived and/or excluded are hereby limited in duration to the terms of this Warranty (1).

LIMITATION ON LIABILITY In no event shall ITC or any affiliate of ITC be liable for direct, indirect, special, incidental, consequential, or multiple damages arising out of the use of the item, regardless of the legal theory on which such claim is based, even if ITC has been advised of the possibility of such damage. Consequential damages shall include, but are not limited to loss of profits, loss of savings or revenue.

(1) Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not be applicable.

ITC SAMPLE POLICY

ITC Incorporated understands the importance of sending out samples to our customers to review for product quality and to determine if the product will work in the application for which it has been suggested. It is the policy of ITC to send out samples at no charge for any items if the accumulated invoice amount of the samples is less than US\$60.00. In the event that the invoice amount exceeds US\$60, we will send the customer a memo bill for the full value of the samples. The memo bill would become payable by the customer after 90 days, if they have not returned the products to either an ITC representative or returned the products against an RGA.

ITC RETURN POLICY

- 1) ITC will accept absolutely no returns for product found defective at the distributor or returned by a dealer or customer as a warranty claim without a Return Authorization Number (RGA). Customers should email quality@itc-us.com or call our Quality Department 1-888-871-8860 to obtain a Return Goods Authorization number (RGA) prior to sending product back to ITC Incorporated.
- 2) All correspondence and credits pertaining to the alleged non-conforming product will reference the RGA number. If your company uses its own return goods numbering system, ITC will make every effort to include both reference numbers on ITC's RGA. All returns must be accommodated by our RGA number or they will not be processed. If product is received without our RGA number written on the outside of the carton, it will be refused upon receipt. All customers have 90 days to return product or the RGA will be voided.
- 3) ITC will reimburse a customer for credit on returned parts that are determined defective by ITC. Credit is entered based on the invoiced quoted price for said part, acceptable labor and freight charges and Dealer charge backs mandated by State law. ITC will not credit customers for unauthorized Dealer mark-ups or customer mark-up fees.
- 4) ITC will not issue credit for parts that were damaged or inappropriately handled by customer. Alterations to an ITC part will invalidate the warranty.
- 5) To preserve your claim, please securely package all parts before shipping to ITC. Damage caused by improper or inadequate storage or packaging before or during shipment will invalidate the warranty and credit may be denied. All claims are reviewed by ITC's Quality Department to determine the validity of the claim. Claims will be evaluated and disposition of said claim will be dispatched within 45 days.
- 6) Invalid returned parts (non-ITC parts) shall be held for 15 days maximum, then destroyed or returned at customer's expense. ITC will notify the customer accordingly. Repeated submission of invalid parts will warrant us charging the offending customer a handling fee. If a part is damaged or lost during transit, customer is responsible for directing a claim to the courier service, not ITC.
- 7) ITC is not responsible for freight charges of parts that the customer has ordered in error or for parts that are found not defective.
- 8) A schedule of acceptable freight and labor rates will be provided to each customer upon request and can be downloaded from our web site at www.itc-marine.com or www.itc-rv.com.
- 9) A 25% or \$25.00 (whichever is greater) restocking fee will be invoiced or deducted from the return credit for parts that are not defective or parts ordered in error.
- 10) If a scrap credit is authorized by ITC, we will issue an RGA number and apply the credit to the customer's account without inspecting the product or having it returned to ITC. Scrap credit cannot be taken by a customer without written consent by ITC.
